Dear Toni:

I regret the delay in answering your letter of 25 January, but I have been out of town for several weeks.

I am passing on a copy of your letter to the persons in the Agency here who might be considering [redacted] application and I am sure that they will take into account what you have to say.

I am delighted your son will be with the firm in New York and I look forward to seeing him when I am there.

Sincerely,

Mrs. Gustav Stalper
